

From Biological Structures to Neural Circuits

12.01.2017

Using Fluorescence to Illuminate the Secrets of Biology

Don Lamb (Ludwig-Maximilians-Universität München)

19.01.2017

Impaired Neuronal Circuits in Alzheimer's Disease *in Vivo*

Arthur Konnerth (Technische Universität München)

26.01.2017

Communication between Cells of the Immune System

Felix Meissner (MPI for Biochemistry)

02.02.2017*

Mechanisms of Neurogenesis and Neural Repair

Magdalena Götz (Ludwig-Maximilians-Universität München)

09.02.2017

A Poly-ADP-Ribose Switch Releases the Autoinhibition of an Oncogenic Chromatin Remodeller

Andreas Ladurner (Ludwig-Maximilians-Universität München)

16.02.2017

Decoding Protein-RNA Recognition in Gene Regulation by Integrated Structural Biology

Michael Sattler (Technische Universität München)

23.02.2017

Aberrant Immune Signals in Cancer Pathogenesis

Jürgen Ruland (Technische Universität München)

Thursdays
17:00

Main Lecture Hall, T-building, Max Planck Institute of Biochemistry

* **LMU Biocenter, Room B01.027 (first floor gallery)**

For further information please contact info@imprs-ls.mpg.de or visit www.imprs-ls.de

From Biological Structures to Neural Circuits

02.03.2017

How Cells Feel Tissue Stiffness – Calibrated Tension Sensors to Quantify Piconewton Forces in Cells

Carsten Grashoff (MPI of Biochemistry)

09.03.2017

From Circuits to Behavior in the Insular Cortex

Nadine Gogolla (MPI of Neurobiology)

16.03.2017

TBC

Jürgen Pitzko (Dept. W. Baumeister, MPI of Biochemistry)

23.03.2017

Computational (Prote)omics

Jürgen Cox (Ludwig-Maximilians-Universität München)

30.03.2017

Cellular Machineries for the Folding, Assembly and Metabolic Maintenance of RuBisCO

Manajit Hayer-Hartl (MPI of Biochemistry)

06.04.2017

miRNAs Function Cooperatively in Apoptosis Regulation during *C. elegans* Development

Barbara Conradt (Ludwig-Maximilians-Universität München)

Thursdays
17:00

Main Lecture Hall, T-building, Max Planck Institute of Biochemistry

For further information please contact info@imprs-ls.mpg.de or visit www.imprs-ls.de
